PRESIDENT / EDITOR'S REPORT AUGUST 2016

Well another month has come & gone with the highlight being our Display day as part of the All British Day at Kings School. What a pleasant surprise it was to find our area adjacent to the brand new canteen & toilet facility. Our club put on an excellent display of cars including Malcolm Nixon who trailered his 1933 15 Coupe up from Wagga Wagga & also displayed a presentation of his Bus restoration project, including a conrod & sleeve valve display from it's engine.

Many Thanks go to the organizers of the day Merv McDonald, Graham McDonald, Peter Grant, Chris Cole, especially Chris Cole as she sold me the winning ticket in the raffle. Thanks to all who contributed to the raffle prize. Also to Russell & Jenny Turner who looked after regalia & managed to snag 3 new members on the day. Don't know what cars they may or may not have but Russell was non-discriminatory in this regard. Lots of stories were swapped & those who attended, included conversation, even with those who arrived in a bevy

of Bentleys! The Alvis & the Armstrong Siddley also looked out of place but were also welcomed by the gathered assembly.

Now that I have been "lumbered" with the plaques for the various models to assist the general public in identifying various Daimler models, Could the person or persons holding the holding spikes for them please step forward, so that the 2 lots of items can be remarried.

The next event is the President's weekend which at this stage is only sparsely supported at this stage, & the Motel are anxious to release the reserved rooms, so if you are planning to go & haven't booked, please do so ASAP, so that numbers can be finalized. Denise & I look forward to meeting you in Morpeth on Saturday the 10th at Noon, which for us will be a much needed weekend of respite.

See you at the next meeting on the 5th September.

Jim Gellett

ALL BRITISH DAY AND DAIMLER DISPLAY DAY

For many years we met at parks or fields and staged a stand alone display for our members and the public. We put an ad in the paper in those pre electronic media days and welcomed country members and interested passers by. This style of display probably reached its peak when we had our display at Fox Studios in Moore Park when we had a wonderful display ranging from a 1909 sleeve valve beauty to a Daimler bus from the Sydney Bus and Truck Museum.

Times change and we opted to join the reinvigorated All British Day, held at The King's School in Parramatta. This had many advantages. A great venue, plenty of other cars to admire, masses of people coming through and other activities such as an art show, trade and food stalls and, this year even market grower stalls to view and sample.

While some members preferred the earlier times, I have to say that had they dropped by this year I fail to see how they could 't have been mightily impressed. The weather was sparkling and sunny, warm with a slight breeze and we had our usual excellent position in the top paddock adjacent to the Rolls Royce Club's Display and also the Bristol Car Club's lovely vehicles.

We also displayed a fine range of cars. I volunteered to help guide incoming traffic so could see many cars drive in to our area which was great and I felt privileged being able to witness a total of 9 Sp 250 sports cars gather, numerous Sovereigns, John Hurst's awesome 35/120, Warren Cole's Lanchester Limousine, John Hiscox's DH 27, such a wonderful example of Daimler's post war limousine offering, two Conquest Century variants, and two DB 18's, Steve and Paul's ex Merri Sheppard Stan Richards' saloon and David Flynn's splendid Special Sports and a very welcome entrant, Malcolm Nixon's gorgeous fixed head coupe Fifteen in its cheerful livery of butter yellow over black.

Graham and Jenny Norman from Queensland drove down in a modern to visit and it was a real treat to catch up again.

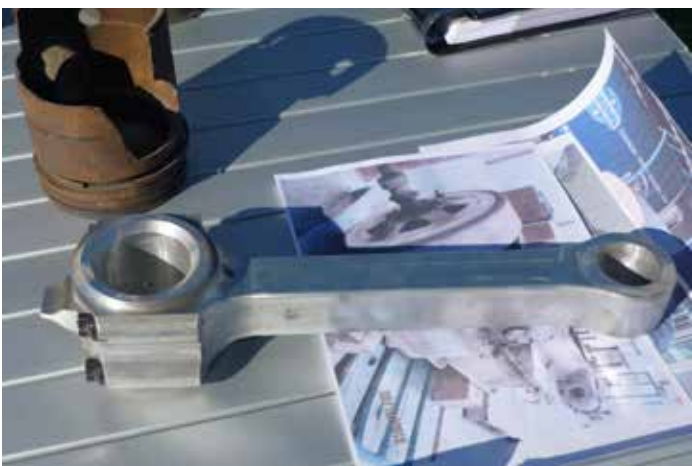

Congratulations to the winners of the trophies handed out on the day, to Merv McDonald and his trusty trio of judges and to everyone who helped make the day such a success.

We signed up three new members and spoke to many who came to look at our cars.

I urge all members to keep the day free next year and join us for a really wonderful day both vehicular and social!

PART TWELVE

PART TWELVE - REPAIRING AND FITTING THE RADIATOR SURROUND AND GRILL

The radiator surround has heavy salt air corrosion so I will be using the one from my spares car.

The cracks in the 1949 shell are appear to be to be a common problem. The same cracks are also in the spare shells that I have.

Placing rusted metal in a bath of white vinegar for about one week completely removes the rust, and loosens any remaining paint.

I used silver solder to repair the cracks in the shell and normal solder to re-attach the mounting points for the grill.

DARTING ABOUT

EXHAUST NOTES FROM THE DLOCCA SP250 REGISTER

We had a good turnout for the Darters meeting at the home of Cameron and Anne Norgrove. Probably a response to the offer of pies, cakes and a glass of wine as a pre-meeting treat. Thanks to Cameron and Anne for hosting our meeting where we managed to interrupt the cross flow of conversations sufficiently to put together plans for our activities for the next six months.

We were pleased to welcome Les Edwards to the meeting. Les purchased the ex-Marjory Hathaway car (1963 C spec, chassis 104200) and has obviously done some work on the car's appearance and reliability. Welcome Les, we look forward to seeing you and SP2500 again from time to time

One of our planned events was a run on Sunday 6 November to the Wombat Café which is on the Wisemans Ferry Road between Spencer and Wisemans Ferry. During the past week Helen Figgis rang to say the Wombat café is, at least for the time being, closed. So instead of rendezvousing there we will now meet at the Spencer Village Store which seems like a popular place for car clubs and bike clubs.

And finally, breaking news – I hear that Cameron Norgrove is planning to sell his SP250 (1960 B spec, chassis 100504). If you, or any of your friends, are interested in the car please call Cameron on 0419 468197

Hunter Region All British Display Day - five SP250s of Mark Brooks, John Gallagher, Chris Mosse-Robinson, Tony Luongo and David Stoodley.

Saturday September 17 – Visit to Gosford Classic Car Museum, 3-13 Stockyard Place, West Gosford. Our group should assemble at the Museum car park ready to enter as a group at 10:30am. The entry price is \$15 per person. The parking area assigned to our group is Lower Manns Road. We have booked space for 20 people on their wharf which will allow us to lunch with the water lapping around while being able to keep an eye on our cars.

The plan is to make your way independently to the café and arrive in time for lunch at 12:30pm. Please let me know if you plan to make the run so that I can confirm our numbers with the café. (email: hunts@optushome.com.au)

Saturday November 26 – Christmas BBQ at the home of Mark and Tracey Brooks. 52 Matthew Parade, Blaxland 2774. Please arrive any time after 5:00pm for dinner at 6:30pm. The events team at the City of Parramatta is now working on arrangements for Carnivale 2017, to be held on Australia Day, Thursday, January 26th.

Once again Carnivale will be held in Parramatta Park as part of the day-long program of events, featuring activities such as the popular aerial display of hot air balloons; a BBQ Festival which includes a cook-off and a range of BBQ smokers and pits; a family zone with a dedicated kids' concert, kids' rides and workshops staged at The Kids' Crescent; the Hottest 100 party, bar and rides; the Main Stage Concert and a dazzling fireworks finale at 9 pm.

Carnivale will again feature several hundred classic vehicles as the main display but, based on information gained from a participant survey taken at the event in 2016, organisers are adding new elements to the day.

There will be coffee carts in the main display area and more tables and chairs for patrons to use. Entrants wishing to bring their own umbrella for shade can do so as long as the umbrella pole is fixed securely to the vehicle – no pegging in the ground please.

There are other additions under consideration and details will be announced when the registration information is sent out in October.

ON-LINE REGISTRATION WILL OPEN ON FRIDAY, OCTOBER 14TH.

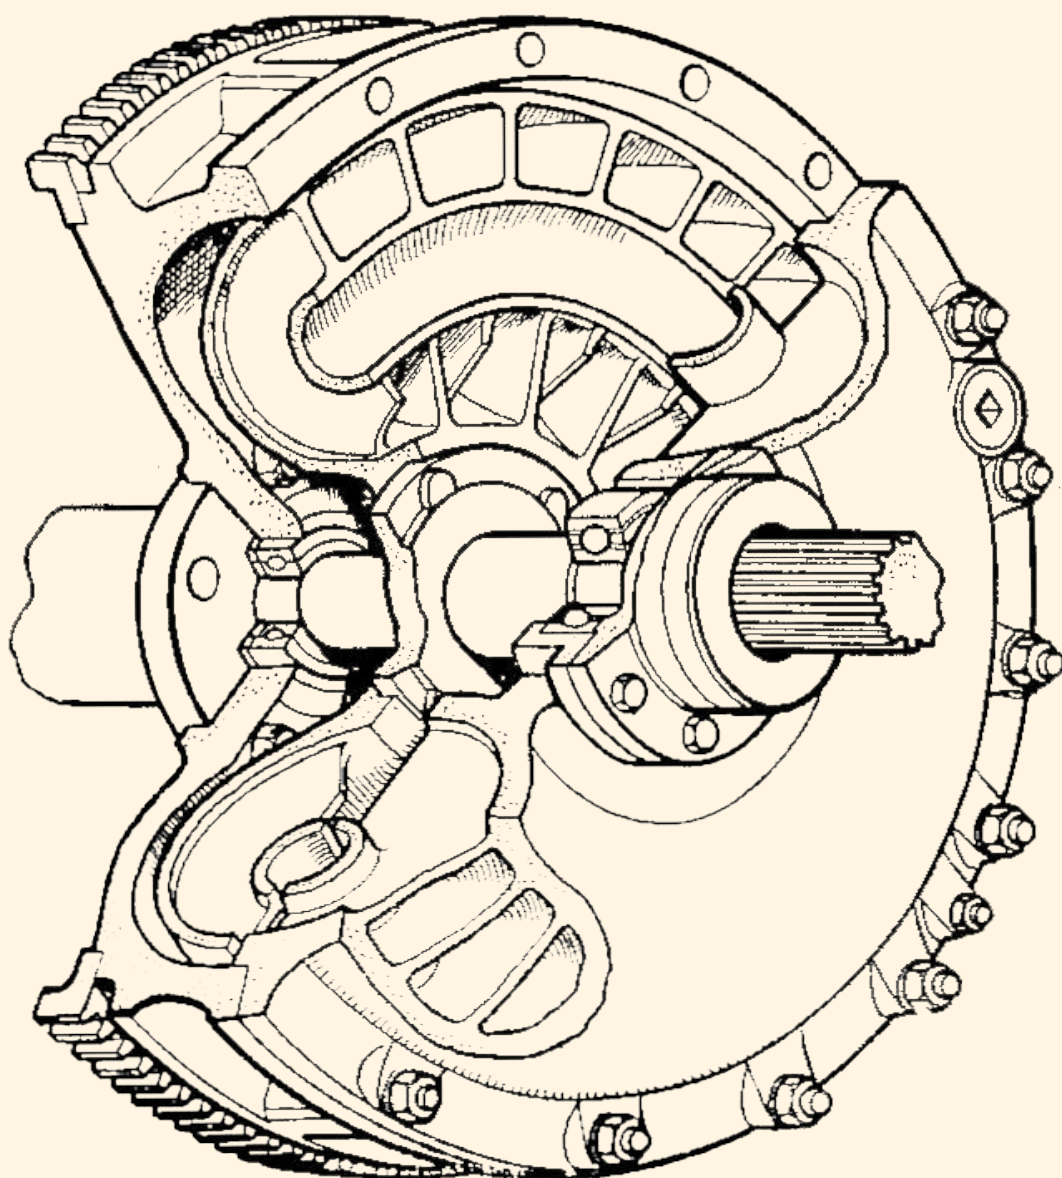

For those who do not have access to e-mail or on-line facilities, registration packages will be posted out on October 13th. Registration will remain open until November 18th.
